Re: Amendment of Parts 1, 2, 22, 24, 27, 90 and 95 of the Commission's Rules to Improve Wireless Coverage Through the Use of Signal Boosters, WT Docket 10-4

Dear Ms. Dortch:

On December 11, 2018, William Wallace and the undersigned of Verizon participated in a telephone conference with Roger Noel, Kathy Harris, Amanda Huetinck, and Moslem Sawez of the Wireless Telecommunications Bureau to discuss the registration process for Wideband Signal boosters as raised in the *Second Further Notice of Proposed Rulemaking* in the above-referenced docket.¹

We reiterated our view, as expressed in our comments, that the Commission should create and host an online database for registration of Wideband Signal Boosters before lifting the personal use restriction on such boosters.² A central registry – accessible by all mobile providers – would allow for one-time registration of a wideband booster, and alleviate the concern that enterprise purchasers of wideband boosters would not fulfill the requirement to register and maintain accurate contact information with multiple providers. We also noted that manufacturers and sellers of wideband boosters could facilitate registration for purchasers at point of sale.

Pursuant to Section 1.1206(b) of the Commission's Rules, I am submitting this *ex parte* letter to the Electronic Comment Filing System.

Respectfully submitted,

¹ See *Amendment of Parts 1, 2, 22, 24, 27, 90 and 95 of the Commission's Rules to Improve Wireless Coverage Through the Use of Signal Boosters*, Second Report and Order and Second Further Notice of Proposed Rulemaking, 33 FCC Rcd 3334, ¶¶ 43 *et seq.* (2018).
